Corporate Partners

Ontario Parks is pleased to be associated and work in partnership with private sector companies who share our commitment and vision for Ontario's natural resources.

Partners

The Honourable John Snobelen, Minister of Natural Resources awards the bursary to Carol Reesor, one of 40 recipients in 2000.

Printed on recycled paper.

ONTARIO PARKS

Partners Bursary Program

Ontario

About the Bursary

The Ontario Parks Partners Bursary was established in 2000 by several of our corporate partners to recognize students employed in the Ontario Parks program who excel in their jobs.

A $500.00 award to acknowledge the innovation and leadership of young people who work in Ontario's provincial parks will assist students with costs associated with their secondary or post secondary education.

The bursary program is intended for park student employees, Ontario Rangers, students of Friends of Ontario Parks and other volunteer groups. Students who demonstrate high levels of customer service, employee initiative, leadership, or who volunteer in other work programs and show overall dedication to the Ontario Parks system are eligible for nomination.

Eligibility

Students must be returning to secondary or post-secondary school (not necessarily in Ontario) and must be Ontario residents. Students may win the award more than once, but not in consecutive years and may work in different positions or in different parks and still qualify.

Peers, the visiting public or the employee's supervisor may nominate a candidate for the bursary.

Nominations and Deadlines

Please complete the nomination form and submit to a Park Superintendent or Office Manager by September 15. The Park Superintendent (or Manager) will forward the selected nominations to Ontario Parks Main Office by September 30. The Bursary Committee will review the nominations and select the winners by October 15. The winners will be notified by October 30.

The Bursary Committee

The Bursary Committee will distribute the Bursary Awards evenly across the province.

The Bursary Committee consists of five people who are involved with Ontario Parks. There will be one zone manager and one park superintendent who will alternate serving two years in a row. There are three other members, one each from the Ontario Parks Partners, the chairperson of a Friends of Ontario Parks group and from the Ontario Parks Board of Directors.
